- Hence, to give this initiative more clarity and authenticity, we now roll out a POLICY DOCUMENT spelling out the strategies, plans and other allied tasks to make this Program functional officially.
- Greening the campus is all about sweeping away wasteful inefficiencies and using non-conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program.
- The Institute has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus.
- Our initiative will include working with students, faculty and support staff to foster a culture of self-sustainability and make the entire campus environment-friendly. The Green Campus Initiatives (GCI) will enable us to develop the campus as a living laboratory for innovation.

### LANDSCAPING INITIATIVE :

- Our college has a limited open landscape. Hence plantation to be carried out will be done within the building area in well defined locations, all to

Reuse – repair, refurbish or relocate items

Recycle – promote segregation of waste to increase the quantity of waste recycled

Recovery – send non-recyclable waste to energy recovery

Disposal – this will only be used as a last resort if all other options are exhausted.

### Solid Waste Management :

- Measures shall be taken for minimal or optimal use of papers: Instead of taking hard copies of documents, keep in digital format as far as possible.
- Strategies to lessen the generation of paper waste are adopted: double-sided printing, Reduced font size printing, "Fast draft" mode printing etc.
- e-billing is promoted to reduce use of paper.
- Use of paperclips (over staples) is encouraged.
- Reusing of envelopes with metal clasps and file folders by sticking a new label over the previous one is promoted.
- Colour coded dustbin system is employed for segregation of solid waste: green dustbins for biodegradable wastes like food; blue dustbins for disposal of plastic wrappers and non-biodegradable wastes.

- Partial Food waste is used to generate fertilizer using compost Pit.
- Cleaning or emptying of dustbins is ensured at regular intervals daily.
- Cleaning and fogging initiatives in periodic intervals.

### **Liquid waste management: (Chemical Waste Management)**

- Implement Lab Pack Service: The lab pack disposal process involves first identifying, categorizing, and segregating each chemical by type (solvent, acid, or base), re-packaging them, then depositing the packaged chemicals into a drum or a tank. (Black bin)
- Academic strategies are taken to reduce the amount of chemical waste generated in the laboratories.
- Promote existing reuse schemes and develop additional recycling schemes to stream more waste at source.
- Communicate effectively with our employees, students, and residences to increase engagement and participation in the recycling initiatives across campus.

### **E-waste Management:**

- Obsolete electronic devices to be disposed through approved agencies.
